Habchem's new collection of HVAC products has gone through multiple on the job tests to refine it and guarantee it meets the tough standards of the HVACR industry. From coil cleaners and line-set flush to leak sealants and vacuum pump oil, HabChem is now offering your customers dependable chemicals for any job they need to tackle.

MULTI PURPOSE COIL CLEANER

MPC-1
MPCA-1

4-GAL / CASE
6 - 18oz AER / CASE

Multi-Purpose HVAC Coil Cleaner is a unique and highly effective cleaning solution that incorporates the latest surfactant and inhibitor technology. This advanced formula is safe for both metal and rubber surfaces and offers rapid dissolving of contaminants, degreasing of surfaces, and deodorization of coils and surfaces. The cleaner works quickly to eliminate any lingering odors and leave the surface looking and smelling fresh and clean.

- MICRO-CHANNEL / MINI-SPLIT SAFE
- METAL AND ROOFTOP SAFE
- ELIMINATES GREASE, GRIME, & OTHER SOILS
- NON-FOAMING, DETERGENT FORMULA
- SELF-RINSING ON EVAPORATORS

*MIX 1 PART CLEANER AND 3, 4, 6, 8, 10 PARTS WATER DEPENDING ON SOIL LOAD AND APPLICATION

CONDENSER COIL CLEANER

CCC-1

4 - GAL / CASE

Heavy Foam Condenser Coil Cleaner is a highly effective cleaning solution designed for removing heavy debris, grease, dirt, grime, cottonwood, and oxidations. This alkaline cleaner is a sodium hydroxide based cleaner and contains a proprietary blend of surfactants that create a time delayed, foaming reaction to facilitate the removal of even the most stubborn debris. The solution can be easily diluted to different ratios based on the soil loads of the coil. When applied, it reacts with aluminum to generate foam and push out contaminants, leaving the coil looking clean and almost new.

Will remove painted surface of treated coils

- PENETRATES MULTI COIL & DEEP COIL CONFIGURATIONS
- DENSE, HEAVY FOAM
- TIME DELAYED FORMULA CLEANS FROM INSIDE OUT
- MUST BE RINSED WITH WATER
- ALKALINE FORMULA (NON-ACID)

EVAPORATOR COIL CLEANER

ECC-1

4 - GAL / CASE

Habchem's No Rinse Evaporator Cleaner employs advanced surfactant and technology, making it a unique and efficient coil cleaner that is safe for metal and rubber. This cleaner swiftly eliminates pollutants, cleanses surfaces of grease, and leaves coils and surfaces smelling fresh. It is suitable for use on electronic air cleaners and filters, as well as evaporators and condensers. The non-foaming, professional-grade formula is highly effective at tackling tough cleaning tasks, yet leaves no residue behind.

- METAL AND ROOFTOP SAFE
- ELIMINATES GREASE, GRIME, OTHER SOILS
- GREAT ON NICOTINE
- NON-FOAMING, DETERGENT FORMULA
- SELF-RINSE ON EVAPORATORS

NC - EVAP POW'R - 4168-08

*MIX 1 PART CLEANER AND 3, 4, 6, PARTS WATER DEPENDING ON SOIL LOAD AND APPLICATION

EVAPORATOR AEROSOL COIL CLEANER

NRCA-1

6-18oz AER / CASE

HabChem's No Rinse Foaming Evaporator Coil Cleaner is specifically formulated for effectively cleaning hard-to-reach cooling coils, from any angle. The fastest breaking foam in the industry is forcefully propelled through the coils, removing impacted debris to the surface. The foam is generated by the propellant and mechanical agitation, not a chemical reaction from the cleaner attacking the metal. No Rinse Foaming cleaner leaves the unit thoroughly cleaned and deodorized by emulsifying dirt, grease, oils and other contaminants.

- FAST BREAKING & SELF RINSING FOAM
- CLEANS AND DEODORIZES
- NO RINSING REQUIRED ON EVAPORATORS
- MEETS USDA STANDARDS
- SPRAYS FROM ANY ANGLE
- LIGHT, QUICK DISIPATING SCENT

NC - EVAP NO RINSE - 4171-75

DIV - ECO-COIL-AER

ACE - FOAMING COIL CLEANER - FCA

VAP - FOAMING COOLING COIL CLEANER - FCC-1

SOLVENT - MULTI PURPOSE COIL CLEANER

SCCA-1

6 -18oz AER / CASE

No Rinse High Pressure Coil Cleaner utilizes a highly compressed solvent to effectively remove lint, dirt, and dust from evaporator coils. This product is designed to quickly eliminate residue without requiring any rinsing. Its evaporation rate is specially formulated to dissolve all contaminants, ensuring a thorough cleaning. Moreover, it dries quickly and does not leave any mess behind. This makes it an excellent choice for use in environments like restaurants and fast food establishments where water rinsing may not be feasible. With one can, you can clean an average size evaporator coil, making it perfect for cleaning ice machines, vending equipment, self-contained freezer units, refrigeration condenser coils, and window air conditioners.

- REMOVES LINT, DIRT, AND GREASE FROM COILS
- STRIPS OFF COOKING RESIDUE
- NO WATER OR RINSING REQUIRED
- QUICK EVAPORATION LEAVES NO RESIDUE
- USE IN WELL VENTED AREA

NC - NU BLAST - 4290-75

DIV - N/A

ACE - POWER BLAST - CCA

VACUUM PUMP OIL

VPO-1Q
VPO-1

12 - QTS / CASE
4 - GAL / CASE

Vacuum Pump Oil is a top-quality oil that effectively prevents corrosion and minimizes sludge while preventing foam buildup. It's specifically designed using a high-grade blend of lubricants that offer exceptional anti-wear protection. With outstanding oxidation resistance and water separation properties, this oil creates a tighter seal, allows for a deeper vacuum and traps more contaminants than the competition.

- SURPASES ASTM D943, D655, D130, & D1401
- IDEALLY LOW VAPOR PRESSURE
- PULLS DEEPER VACUUM
- REDUCES FOAM BUILDUP
- TRAPS AND ABSORBS MOISTURE
- MULTI-VISCOSITY OIL

LINE SET FLUSH

PFA-1
PFA-1K

6 - 1 LB AERO/CASE
1 EA / STARTER KIT

Power Flush is a specialized mixture of solvents that is exclusively formulated to eliminate oil, refrigerant, and debris from the interior of line-sets. The Vertrel based formula contains the industry's highest concentration of active ingredients and is the highest pressure of any aerosol line flush in the industry. This product is particularly useful after burnouts, retrofits, and component replacements. Starter Kit contains, 1lb aerosol, actuator valve, hose and gun.

- VERTREL BASED FORMULA
- 140 PSI VS 40-60 FROM COMPETITION
- LEAVES NO RESIDUE
- LOW BOILING POINT
- REMOVES SLUDGE, OILS, CARBON RESIDUE, ACID, WATER
- NON-TOXIC, NON-FLAMMABLE, NON OZONE DEPLETING

LEAK SEALANT - RESIDENTIAL TO LIGHT COMMERCIAL

LS-10T
LSD-7.5T

2 to 10 TON - 4/CASE
2 to 7.5 TON - 4/CASE

This formula has undergone extensive testing and has been shown to be the most reliable seal available. Unlike other options, it does not cause blockages in TXV's or capillary tubes. Furthermore, it only activates upon exposure to moisture, air, and pressure change, ensuring that it does not cause unintended reactions inside the system. This formula is compatible with all refrigerants except for ammonia.

- PERMANENTLY SEALS LEAKS
- INSTALLS IN SECONDS
- WORKS WITH ALL REFRIGERANTS (EXCLUDING AMMONIA)
- BRIGHTEST UV DYE AVAILABLE
- TRAVELS WITH REFRIGERANT
- COMPRESSIBLE FORMULA
- WILL NOT CLOG TXV'S / CAP TUBES
